Compass
OF CAROLINA

We Are Compass of Carolina

Providing direction to children, adults and families across our community.

We believe that everyone has the right to live, work and learn in safety. Building healthy relationships and promoting independence are central to our values. That's why we offer a variety of services to adults and children of all walks of life, regardless of income, gender, race, age or sexual orientation — and have done so for decades for the Upstate.

Our mission is to provide compassionate direction to children, adults and families through affordable counseling and educational programs, with a vision of building a community where the safety and well-being of all is achieved.

Compass OF CAROLINA

Compass of Carolina offers counseling and education programs.

Our **Family Violence Intervention program** works to end the cycle of domestic violence by educating abusers, as well as victims -including the children.

90% of abusers who attend our 26-week program are not arrested for any violent crime within at least 4 years.

Our **Second Chance program** for children ages 10 to 17 addresses problems of aggression, domestic violence and disorderly conduct.

We truly believe that domestic violence starts small.
